

1. Please pick a sub who is the same standard (or lower)
2. You can pick from the list of names below. These are the people who asked to sub in Mixed Team Tennis.
3. Those highlighted in yellow are people who wanted to play but the event was sold out so it would be great if you could select them.
4. You can also pick someone of the same standard NOT on the list.
5. In all cases, you must get the sub approved in advance by Ladies/Gents captain.
6. Once approved, the team captain lets the team captain of the opposition know that a sub is being used and who it is.

**Note: when a sub is used in a match, that pairing can only score a max of 3 points.**
